User Stories Brainstorming:

1. As a donator, I want to log into the system so that I can donate items.
2. As a receiver, I want to see what items are available, so I can know what I to get.
3. As a donator, I want to know the locations of the organization, so I can visit to give items.
4. As a donator, I want to know the receiver of the donations, so I know where my donations are going towards.
5. As an admin, I want to know the donation rate at a location, so I can monitor which locations are performing better than others.
6. As an admin, I want to know how many donation/distribution ratios at specific locations and times, so that we can make our goods transport more efficient.
7. As a location worker, I want to know the turnover rate, so that I know what things to restock.
8. As a location worker, I want to know where each type of item is in the location, so I can retrieve them efficiently.
9. As a manager, I want to modify the details of the locations such as name and hours, so that I can manage the location efficiently.
10. As a receiver, I want to see who I received the donations from, so that I can thank the individual.
